Team,

Patrick assembled a nice list of sports-related content providers and
subjects to help us with our search for unauthorised content. Please use
this as a reference.

Hi Hunter. Sports info is all over the place. I think there's a market out
there if someone where to make an IMDB for sports!

Best sources for a lot of info are ESPN (soccernet excellent for
football/soccer) and CBS Sportsline, but they leave out a lot of other majo=
sports competitions.

I've put together a list below of sources for teams, players, etc. that can
be used in the database. I didn't have time to add in sports from Asia
(Japanese & Korean baseball and football/soccer league teams, Sumo, K1
fighting, Chinese basketball, etc.)

Bill, would be good to pass this onto your folks in Dublin for Euro sport
info/names etc. I think I cover most of the major stuff here.
